

**[INSERT SHOW NAME OR LOGO]**

**Pronoun Identification Form – Optional**

Every day, people refer to us by using our name and pronouns. Using a person’s correct name and pronouns is a form of mutual respect and basic courtesy. It also helps foster an inclusive work environment because everyone deserves to have their name and pronouns respected in the workplace.

Just as it can be offensive and confusing to make up a nickname for someone and call them that nickname against their will, it can be offensive to assume someone’s pronouns (with asking) and refer to them using those pronouns, especially if that is not how that person wants to be known. It’s even worse to actively misgender someone by choosing to ignore the pronouns they’ve stated that they use and using incorrect pronouns for them on purpose.

We want to offer you the opportunity to share your pronouns for use during your time on this production, and if you choose to share your pronouns, we will display this information on the Crew List and Call Sheet.
